

Gold-Plated Plug HDMI Cable

Description

High Speed HDMI cables will fully handle 1080p video content and other technologies, such as 4Kx2K (resolutions higher than 1080p), 3D (HDTVs with 3D), and Deep Color.

Feature and Function

- Full 1080p support for Blu-ray and other HDMI enabled devices
- Supports dual direction 1080p, 24K hardened gold contacts
- Three layer high density shielding for quality protection

Twisted pair construction

Applications

Full 1080p support for Blu-ray and other HDMI enabled devices (PS3, Xbox 360, Roku, HTPC, Digital Set-Tops)

Supports dual direction 1080p

24K hardened gold contacts

Three layer high density shielding for quality protection
Twisted pair construction

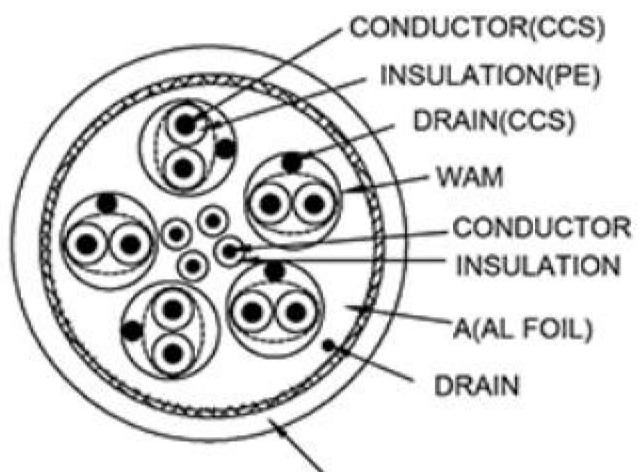

The addition of a HDMI Ethernet Channel allows networking capabilities, combining audio, video, and data all on one cable. An Audio Return Channel is included to allow the sending of audio data upstream from the TV to a surround sound audio system or A/V receiver, eliminating the need for a separate S/PDIF connection.

The introduction of input/output protocols for 3D Over HDMI paves the way to bringing true 3D gaming and viewing experiences to your home theater. Support for high video resolutions beyond 1080p (4Kx2K video support).

The following formats are supported: 3840 pixels wide by 2160 pixels high, 4096 pixels wide by 2160 pixels high. Support for 3 additional color spaces deliver sharper and higher quality digital still photography when viewed on an HDTV. Cable PVC is Black and 6 Feet Length of 30 AWG wires.

NOTE:

1. 100% OPEN SHORT TEST
2. 4Kx2K PASS AND ROHS COMPLIANT
